

Magnetic Contact Type 4S-xx

Surface mounting contact fully encapsulated ideal for general purpose applications

Features

- Long Life Rhodium contacts
- 4 wire connection
- Passive tamper
- Fully encapsulated
- ABS body
- Simple installation
- BVVO Approved

Applications

- General purpose

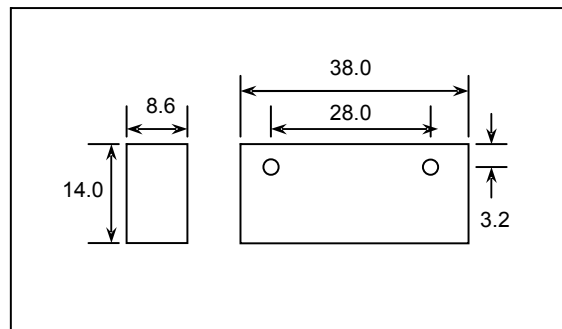

Spacer Available - type SSPACER

Specifications

Housing Material	ABS White
Dimensions - switch	38 x 14 x 8.6
Dimensions - magnet	38 x 14 x 8.6
Nominal operating distance	25mm
Contact Material	Rhodium
Current Rating switch carry	1.0A 1.5A
Voltage Rating	100Vdc, 150Vac
Power Handling	10VA
Temperature Range	-40°C to +70°C
Humidity	0 - 100% RH
Operating Life (12Vdc, 10mA)	100 x 10 ⁶ operations
IP rating	IP67
IK rating	IK07
Cable	4 Core white PVC sheathed
Terminations: Operating Reed Tamper	Red/Black Blue/Yellow

Mechanical

Connections
